Sister City Exchange

Sister City Exchange

As of October 2015, there are 108 sister city relationships between Japan and Australia (made up of 102 municipalities and 6 states). Also, there are 41 sister city relationships between Japan and New Zealand. Beginning with visits to their sister city, the sister city relationships provide opportunities for both parties in various areas including education, culture, sports, and economic exchange. The sister city relationships focus on utilizing and promoting the strengths of each municipality.

Our organization, Japan Local Government Centre (CLAIR Sydney), helps municipalities maintain existing sister city relationships by offering advice and assistance in regards to cultural differences, research, information, and so on. We also promote and help form new sister city relationships by introducing municipalities in Australia/New Zealand to those in Japan.

CLAIR Sydney (一般財団法人自治体国際化協会シドニー事務)

On 23 March, CLAIR Sydney staff attended the 2008 Sister Cities New Zealand Regional Collaboration Forum in Palmerston North, New Zealand. The Forum was held to explore local government international relations. The forum brought together city, district and regional councils and Economic Development Agencies from the central North Island, along with key contributors from New Zealand government agencies. The focus was on the practical ways that we can work together for greater impact. Diplomatic representatives were also invited to the forum to gain insight into engagement with New Zealand regions, and to discuss partnership opportunities.

Our director got on the stage to talk about the Japan Local Government Centre and what we do, which in particular is support for sister city relationships and the JET Programme. Also we promoted attractive travel destinations in Japan to the attendees.

The forum concluded with a reception for the Palmerston North Festival of Cultures - World Food, Craft and Music Fair 2018, which all delegates were invited to join. CLAIR attended the opening ceremony of the festival with other diplomatic representatives on 24 March.

We were delighted to be able to interact with Mayors, Councillors and General Managers of various councils in NZ at the Forum. We will continue to strive to improve our service delivery by cooperating with local councils in Australia and New Zealand.
